SAFETY, INTEGRITY & CUSTOMER SERVICE

These three words are very important to us here at DSI. From the drivers that service you every week, to the friendly person on the phone, we make every effort to make your service experience safe and satisfactory. SAFETY is not just a word at DSI, it's the foundation of our business.

Every employee at DSI is trained with the highest safety training available and are focused on being

safe. All employees who handle your service needs, strive to work in a safe environment.

Our trucks are fully equipped with advanced safety features including multiple cameras all connected to a Lytx Event Recorder and high visibility back-up lights and beepers. This helps our drivers to be SAFE, also helps to keep you and your neighborhood SAFE while collecting your trash and recycling.

Choosing DSI as your waste removal provider means you are choosing a company focused on keeping you and your neighborhood safe and satisfied.

Day in and day out, DSI drivers drive these trucks safely and carefully through your neighborhood.

Believe it, Breathe it & Live it!
