A licensed medical physician and an EMT live on the camp property and are available 24 hours a day in the event of an emergency.

The camp office is open everyday from 8:00 AM to 4:00 PM. If you wish to make calls outside of camp you will have to do so at the office. Due to the remote location there is no cell service and very spotty wi-fi. There are public telephones at camp which you may use for free to call home.

If a call is placed to the camp after hours, you will have the opportunity to leave a message on the office answering machine. In EMERGENCY situations, listen to the recorded announcement; the message will direct you to the phone number of the on-call person assigned to handle emergencies for that particular evening.

INFORMATION FOR STUDENTS

We hope your time at the Young Life Camp will be one of the best weeks of your life! Listed below are some important camp policies which you should know as well as a packing list. We look forward to serving you!

Camp Policies

- **Cell phones are NOT permitted at camp**, but they are permitted on the bus. We realize your parents may wish to contact you on your cell phone, but please understand that the camp is remotely located in British Columbia, so as a result no cell phones actually work at camp. All cell phones will be collected on arrival at the **Malibu Landing** and stored in the camp safe for the duration of the week. If your parents wish to contact you, they should call the camp office (number listed above) and have you paged.
 - **Smart watches with cell service capabilities are NOT permitted at camp.** If your watch can make or receive phone calls, you will not be permitted to use it at camp. Please leave it at home. But you may bring a waterproof watch so you know what time it is.
 - **Electronic accessories** (like Airpods, iPad, Nintendo DS, PSP, etc.) **are NOT permitted at camp**, but they are permitted on the bus. There are no locks on cabin doors, so these things can be easily stolen, thus ruining what otherwise would have been a great week for you. If you do bring electronic items like these on the bus, they will be collected on arrival at the **Malibu Landing** and stored in the camp safe for the duration of the week. Of course, all items will be returned to you when we depart camp. Just be sure to mark your name on each electronic item.
 - **Absolutely NO alcohol, e-cigarettes/juul, hookah, or illegal drugs are permitted.** If you bring any such items to camp, we will notify your parents, and they may be asked to pick you up at camp and take you home immediately.
 - **Please treat US/Canadian Border agents with civility**, as the trip will require two border crossings, passengers may be asked to step out of their vehicles with their luggage to complete additional screening, please comply, as there will be very little that your trip leader can do if you are detained.
 - **VERY IMPORTANT:** Each student must have a filled out **Border Crossing Consent Form** at the time of departure. Please contact our staff if you have not yet received this form.
