### **IMPORTANT NOTE:**

The goal of interviews to the Student Leadership program is not to create a “favorites list” or a “better/worse” list. The GOAL is to allow adult leaders and students to partner together to make sure that students are in a position in Young Life where they can thrive. This will be different for every student. Being a Student Leader may not be the best place for everyone to grow and take the next step towards the full life that Jesus shows us. For some of us, the next step might be an honest moment of being real about what we can commit to.

Thanks for wanting to be a larger part of North Springs Monument Young Life. We love each of you and we're excited to get to spend this year together.
