## 2 Rides

- Transportation can be provided to harder to reach rides and events. Our rides teams will be trained on ways to make this work best for your group!

- Archery tag - if this will not be a win let a Head Leader know to not schedule. It can be a challenging walk for some, may ask for a ride.
- Horses - a modified Horses experience is available for our Capernaum friends!. Friends can brush, feed, and paint one of the horses, and then do a very short trail ride where wranglers lead them on trail in hand.

## 3 Free Time

- You may choose to do your cabin time during the day (free time). Ask a Head Leader for alternate locations if you need one & for extra Cabin Time materials and/or Bibles.
- Take advantage of rest time in the cabin, your friends may very well need naps or you may just need a nap too!
- There is a bin of field games, bingo, giant Jenga, and other activities available for use
- Ask a Head Leader or a member of the Guest Services team about setting up karaoke or a talent show for your group!
- There is beach access into the water that is sloped to accommodate many of our friends. If a chair of some kind is needed for water access, we have the off road cart for our Capernaum friends that also floats in the water
