Adventure camping trips base out of Wilderness Ranch and experience different day adventures around the area. These trips, which can be outreach or discipleship, are the same length as the backpacking trips, making the logistics of doing both adventure camp and backpacking trips in the same week very feasible!

VOLUNTEER OPPORTUNITIES

All the people that make adventure possible

Work Week

May 6-11, 2024

Help get camp ready for hundreds of high school students to have the best week of their lives! Jobs range from painting, raking, construction and everything in between!

Medical Program

To provide the best possible care, we need physicians or nurses to help us meet the medical needs of the campers and summer volunteers at camp. All camp doctors/nurses and their families stay at camp during the week of service at no cost. Come for a week, a month or all summer!

Construction Teams

We're always trying to improve our facilities and it's getting increasingly harder to get qualified subcontractors to the rural Creede area. If you have skills and are interested, contact us!

Summer Staff, Guides, Interns

Volunteers play a vital role in our summer camping ministry. These people are committed to Christ first and foremost. They also have the ability to lead others, serve with excellence and have a desire to be challenged and grow in their relationship with Christ. They will also have the opportunity to grow as leaders in ministry, develop Christ-like relationships and enjoy the fun and beauty of camp.

Young Life camps first raise funds and then develop new projects, facilities and amenities. This practice allows us to keep costs down and build to a standard of excellence.

Potential future projects for Wilderness Ranch include finishing the Adventure Camp Outpost, upgraded staff housing, new retail and snack bar space, new club space and a few other projects.
